## **Nature: Being, Belonging & Becoming in the Outdoors**

*A networking and workshop opportunity for ACCESS funded centres*

ACCESS is pleased to subsidise limited places at the 'Nature: Being, Belonging & Becoming in the Outdoors' workshop hosted by Children's Services Central.

*This workshop links closely with the EYLF – exploring the importance of 'children becoming socially responsible and showing respect for their environment'. The course will demonstrate the links between curriculum and environmental conservation in children's services and will examine both the connection children make with natural environment and how a dynamic, thriving outdoor space can foster learning and positive behaviour. Participants will learn how to involve their children, families and the community in developing and nurturing a curriculum rich outdoor environment, which is also sustainable and eco-friendly.*

**ACCESS is subsidising this workshop to make it affordable and accessible to all our centres**
